From: "Dr. Duane Thresher" <dr.duane.thresher@alum-mit.org>

Subject: FCC First Amendment violation

Date: December 9, 2019 7:36:18 PM EST

To: "FCC General Counsel Thomas Johnson" <thomas.johnson@fcc.gov>, "FCC Deputy General Counsel Ashley Boizelle" <ashley.boizelle@fcc.gov>, "FCC Deputy General Counsel Michael Carlson" <michael.carlson@fcc.gov>, "FCC Deputy General Counsel Michele Ellison" <michele.ellison@fcc.gov>, "FCC Deputy General Counsel David Gossett" <david.gossett@fcc.gov>, "FCC Chairman Ajit Pai" <ajit.pai@fcc.gov>, "FCC Commissioner Michael ORIelly" <mike.orielly@fcc.gov>, "FCC Commissioner Brendan Carr" <brendan.carr@fcc.gov>, "FCC Commissioner Jessica Rosenworcel" <jessica.rosenworcel@fcc.gov>, "FCC Commissioner Geoffrey Starks" <geoffrey.starks@fcc.gov>

FCC:

This email is to provide evidence in my First Amendment case against the FCC, specifically my right "to petition the Government for a redress of grievances".

The FCC employs Proofpoint Inc. to provide its email service (fcc.gov). I know from another

case that Proofpoint blocks my emails from dr.duane.thresher@alum-mit.org, without notifying the recipient.

For the FCC this would mean I am not allowed to contact them, for a redress of grievances for example, by a means that they advertise citizens can contact them by, thus violating my First Amendment rights.

If you receive this email you should immediately email confirmation that you did so I can't use this as evidence. However, probably what will happen is Proofpoint will block my email and I will receive an email from my own email server saying Proofpoint rejected this email.
